## PRODUCES NEW FARM MACHINERY

MAKES ITEMS FORMERLY IMPORTED -- Ljubljana, Slovenski Porocevalec, 13 Dec 50

The "Pobeda" Farm Machinery Factory in Novi Sad is producing various new types of farm machinery which formerly had to be imported. Among these are a machine which grinds 700 kilograms of fodder grain per hours, a horsedrawn tedder which can ted all the hay on a 6- to 8-hectare field in one day, a small hemp cutter and a large one which cuts and wets 1,000 kilograms of hemp per hour, a Cambridge roller which can roll 8 hectares per day, a hay binder which can handle 1.3 - 2.5 \( \int \) square or cubic? \( \frac{7}{2} \) meters of hay per minute, and a horse-drawn hay cutter which can be transformed into a hemp cutter.

The factory plans to produce tractor- and horse-drawn rollers, motor hay presses which will be able to press forty 25- to 30-kilogram bales per hour, and horse-drawn hayrakes which will be able to rake 8-10 hectares per day.

COMPLETE RECLAMATION OF SINJSKO POLJE -- Ljubljana, Slovenski Porocevalec,

Reclamation of Sinjsko Polje (Plain) in Croatia was completed in 1950. About 240 hectares of the reclaimed land will be transformed into a large orchard with 30,000 fruit trees. The young trees will be planted within the next few days. They are expected to bear fruit for general consumption in 3 years.

85 FERCENT OF PLANTING PLAN COMPLETED -- Ljubljana, Slovenski Porocevalec, 12 Dec 50

According to incomplete data, the planting plan for Yugoslavia has been fulfilled by 84.7 percent thus for. Slevenia and Bosnia and Herzegovina have each fulfilled 97 percent of their plans; Croatia, 88 percent; Macedonia, 83 percent; Serbia 76.7 percent; and Montenegro, 73.2 percent.
